Administration

Mr. Joseph Campeau  
Delray Connecting Railroad  
General Superintendent  
1 Zug Island Rd.  
River Rouge, MI 48209

March 16, 2021

Dear Mr. Campeau:

This letter responds to the Delray Connecting Railroad (DCRR) submission dated January 28, 2021, to the Federal Railroad Administration (FRA) seeking approval of its material modifications to the Engineer Certification Program received by FRA on January 28, 2021. (DCRR) has complied with FRA's procedures for submission and approval of programs described in Appendix B to 49 CFR part 240.

FRA reviewed the railroad's program modification and determined that the railroad's program modification conforms with the requirements of 49 CFR part 240 for the reasons discussed below.

Your submission states that on February 1, 2021, the railroad provided a copy of its program modification to Mr. John Wyatt SMART-TD labor organization representing the railroad's employees. FRA received no comments on the program or program modification by the labor organizations

The program modifications are consistent with the model of the previously approved Class III railroad programs. FRA understands that the modifications are intended to provide more detail to the engineer certification process and updated contact information. The improvements enhance qualifications for DLSE's. Standards have been set with regards to re-qualifying over a specific territory. Detailed training standards have been established in Section five of your engineer training program.

Please continue in your efforts to improve railroad safety on your system.

Please contact me with any questions regarding this submission at (202) 366-0978 or [FRAOPCERTPROG@dot.gov](mailto:FRAOPCERTPROG@dot.gov) or [Kevin.Lewis@dot.gov](mailto:Kevin.Lewis@dot.gov)

Sincerely,

Kevin Lewis  
FRA Program Manager – Certification
