

Modification No.1

In accordance with Article 13 of the C³RS Implementing Memorandum of Understanding (IMOU) dated March 6, 2015, Long Island Rail Road (LIRR) and the Parties to the IMOU have approved the following modifications effective [Insert Date]:

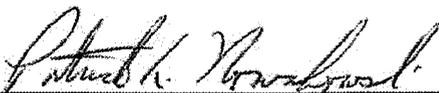

Article 3.2 is amended to read;

"Excluding New York and Atlantic Railway (NYA) operations, C³RS reports may be accepted from employees when they are operating within the boundaries of this IMOU, or when operating on another railroad that has an approved C³RS IMOU in effect. With respect to tenant/host C³RS operations, the host railroad's IMOU will govern tenant operations."

Add the following paragraph to Article 12.3;

"In support of Article 3.2, PRT's involved with tenant/host operations agree to meet as often as needed and work collaboratively on cases that require corrective action measures by the host railroad. Both PRT's agree to function in the spirit of open dialogue, freely exchanging close call data in the interest of improving railroad safety on their respective railroads."

The Parties below approve this modification to the IMOU.
